

WAYNE COUNTY AREA AGENCY ON AGING

Mission Statement

It is the primary mission of this Agency to enhance the lives of our aging adults by promoting independence, choice and empowering our aging adults through partnerships and programs that improve and grow our home and community based services.

We, as an Agency and staff, envision working with the entire community to advocate for older adults so that they may achieve a better quality of life, while maintaining independence and dignity in their home community. We are committed to concentrating resources of the frail, rural elderly, while recognizing the needs of the community as a whole. We intend to expand services with continued emphasis on quality programs, effective employees and innovative ideas that will enhance the ability of those aging in our community to be educated on the services that are available and make choices that best suit the needs of the individual and the family. We continue to protect adults in danger of neglect, abuse or exploitation and abandonment.

For the future, we intend to expand services to new and uncharted areas with the assistance and expertise of the community at large and with continued emphasis on quality of programs.

MEDICAID AGING WAIVER PROGRAM

Home and Community-Based Services Waiver for Individuals Aged 60 or Older

Aging and Home and Community-Based Waiver Services may be available to Pennsylvanians over the age of 60 to enable them to continue to live in their homes and communities with support and services. To be eligible for the Aging Waiver, you must:

- Be a resident of Pennsylvania
- Be a U.S. citizen or a qualified Non-citizen
- Have a Social Security Number
- Be 60 years of age or older
- Meet the level of care needs for a Skilled Nursing Facility
- Meet the financial requirements as determined by your local County Assistance Office

The following is a list of services available through the Aging Waiver that may be available to you:

- Accessibility Adaptations, Equipment, Technology and medical Supplies
- Adult Daily Living Services
- Community Transition Services
- Financial Management Services
- Home Delivered Meals
- Home Health Care
- Non-Medical Transportation
- Participant-Directed Community Supports
- Participant-Directed Goods and Services
- Personal Assistance Services
- Personal Emergency Response System (PERS)
- Respite
- TeleCare
- Therapeutic and Counseling Services

There is no cap on the services that Aging Waiver participants receive, no cost sharing and no contributions allowed.

Family Caregiver Support Program (FCSP)

The AAA Family Caregiver Support Program (FCSP) helps the caregivers of an older adult by providing information about services that are available through its State and Federal Caregiver Support Programs. We can help by locating care providers, paying for services, researching for financial grants for services, providing supplies, home modifications or assistive devices. The programs empower the older adult and his/her caregiver to choose what services suit their needs the best so that service is individually tailored for each family. Many services are available at no cost to the family. Those families with greater financial resources would be able to participate through cost-share participation where they would share in the cost, based on a sliding fee scale. For more information, please call 570-253-4262 and ask for our Intake Department.

Legal Services

There is limited funding available to assist our most frail and elderly population with legal services. Funding is limited and priority will be given to those experiencing emergency situations, i.e. utility shut off, eviction, housing issues affecting life, health or safety benefits and rights.

Assistance with documentation preparation for Durable Power of Attorney and Living Wills may also be available.

Long-Term Care Program—Pre-Admission Assessment Process

Anyone seeking placement in a nursing facility or community residential facility may receive assistance and information from the Wayne County Area Agency on Aging. Those who will need financial help from Medical Assistance for nursing facility care, or from Supplemental Security Income for personal or assisted living care, must be referred to the Agency for a level of care determination. Area Agency on Aging staff specializing in long-term care will assist the family to determine the most appropriate, least restrictive level of care. This process is known as Pre-Admission Assessment; and together with financial eligibility determination, seeks to assure the best long-term option for Wayne County residents.

The Ombudsman Program

An ombudsman is a person who has been trained to help consumers with a concern or problem with any long term care service; whether it is a service they receive in the community, a personal care home or a nursing home. They work with a group of dedicated volunteers who are trained to ensure that all long term care consumers are treated with dignity and to advocate for high standards of care. Ombudsman can help with questions about consumer's rights, quality of care and information about appealing decisions regarding transfers, discharges or changes in services. More volunteers

For more information, please call the Wayne County Ombudsman at 570-253-4262.

Community Services Program Listing

- Flu Shot Program (Community Partner: Wayne Memorial Hospital)
- AARP 55 Alive Mature Driver's Training Program
- Nutrition Seminars
- Have Your Medications Had a Checkup Lately?
- Line Dancing Classes

- Volunteer Ombudsman Program
- AARP Senior Tax Assistance Program
- Theme Days
- Senior Craft Programs
- Senior Art Classes
- Weekly Center Programs—Chess, Dominoes, Cards (Canasta, Bridge, Pinochle) Bingo, Pool, Shuffleboard, WII, Quilting, Daily Congregate Meals, Office Services, Puzzles, Weight & Stretching Exercises, Tai Chi, Health Seminars, Speakers, Special Events,
- Entertainment Programs
- Intergenerational Programs
- Wayne County Children's Christmas Bureau

The Prime Time Health Program focuses on health promotion and disease prevention activities for older Pennsylvanians. The overall goal is to promote optimum health and well being with a special focus on exercise, nutrition, chronic conditions, incontinence, mental health, injury prevention, medication management and alcoholism.

- Healthy Steps in Motion—A series of educational classes and exercises, with various levels, for adults to improve strength and balance
- Healthy Steps for Older Adults Falls Prevention Initiative—The Pennsylvania Department of Aging offers a falls prevention program for adults 50 years of age and older. The program is designed to raise awareness of falls, introduce steps on how to reduce falls, improve overall health, and provide referrals and resources.
- Chronic Disease Self-Management Program—teaches skills that will enable the elderly with chronic diseases to maintain or increase their activities by improving the day-to-day management of their treatment.
- Blood Pressure Screening

For more information regarding this program, please call our Community Services Director at 570-253-4262.

A new program that is available in Wayne County in cooperation with Wayne Memorial Hospital. This program aims to help people who are discharged from a health care facility. Following discharge, patients often require care from different medical professionals in many different settings. This program is designed to improve the continuity of care for persons with chronic conditions across different health settings and ensure that each transfer between settings goes smoothly.

This is a service that is FREE to the patient and is to help them: recover; understand and manage their medications better; help prevent them from being readmitted to the hospital; make a plan for their follow-up appointment with their primary care physician; and maintain the good care they have been receiving in the hospital after they get home.

During the 4-week program, the individual will receive: a personal health record designed to help them/caregiver manage their health condition; a home visit; and three follow-up calls from a Transition Coach who will provide support during the transition from the health care facility to home.

The Care Transitions Program is different from other services such as home health or physical therapy, as the Coach does not provide skilled services. The Coach works with the patient and family to help them be better prepared to take care of their health conditions and help them get their needs met during care transitions. This program focuses on the patient, family, caregiver unit and hopes to include them as much as they want to be included. The Coach will visit and call at times that are convenient for the patient and family. Together they review the patient's medications; prepare for the next doctor's visit; and help them understand their health condition better.

For more information regarding this program, please call our Care Transitions Coach at 570-253-4262.

The Apprise Health Insurance Counseling Program

State Health Insurance Assistance Program...counseling for
People with Medicare in Pennsylvania

Medicare, prescription assistance and supplemental health insurance issues are becoming more complicated. Seniors are overwhelmed by the ever-changing information. Our Apprise staff can help with billing, PACE applications and a myriad of concerns, providing information allowing educated decisions and peace of mind. Call (570) 253-4262 to make an appointment to speak to one of our Apprise Counselors.

The OPTIONS Program

The OPTIONS Program through the Agency is an array of long-term care choices based on assessment by one of our professional Care Managers and establishment of a care plan with the consumer and his or her family. The Care Manager works with the family to cooperatively determine the kinds of services that will help the frail elderly consumer remain in his home for as long as practical. Where possible, the consumer's choice of service provider will be contacted to serve his/her needs. One of the goals of the OPTIONS Program in Wayne County is to give as much choice as possible to the consumer for the kind of services he needs and for the provider of those services. Programs are being developed by the Pennsylvania Department of Aging and Wayne County Area Agency on Aging to increase choices for seniors who wish to remain in their homes as long as possible while receiving family and community agency help for the necessary things they can no longer do on their own.

Protective Services for Older Adults

Wayne County Area Agency on Aging is mandated by law to have a program to protect older adults who are unable to protect themselves. To be eligible for these services the older adult must be over 60 years of age, lack the capacity to protect themselves and be at imminent risk of abuse, neglect, exploitation or abandonment. The laws purpose is not to put restrictions on the older adult, but to assure that necessary services are available to older adults who need them.

Elder abuse may include infliction of injury, intimidation or punishment with resulting harm, unreasonable confinement, and deprivation of services which are necessary for physical or mental health, sexual harassment, rape or sexual abuse and financial exploitation.

Wayne County AAA is available 24 hours a day 7 days a week to receive reports concerning older adults in need of protective services. A Service Coordinator will investigate reports received and take immediate steps to reduce the risk to the older adult. For more information, please call our Intake Department at 570-253-4262.

- **Elder Abuse Hotline (24-hrs. a day) Local 1-800-648-9620**
- **Elder Abuse Hotline (24-hrs. a day) Statewide 1-800-490-8505**

Wayne County Transportation

Since 1976, Wayne County Aging Office has been providing transportation to seniors. Our program started off with one station wagon and one driver. Today, there are 26 vehicles (cars, min-vans, raised roof vans and mini-buses, most with handicapped accessibility) and 35 drivers. Many seniors utilize the service for medical appointments, shopping and socializing (or social events). We began offering transportation to persons with disabilities a few years ago. Over the years, we have had many satisfied customers and a few not so satisfied, but most consumers are amazed at the friendliness and helpfulness of our drivers. The staff appreciates the friendliness and understanding of our passengers. Transportation can be reached at 570-253-4280 (or if out of the 253 exchange, you may call toll free 1-800-662-0780) between 8 AM and 4 PM, Monday through Friday. You must be pre-registered with us and we need two days advance notice for appointments.

Home-Delivered Meals

Home-delivered meals provide hot and frozen meals to eligible persons in their homes. This service may include the provision of nutrition education activities and informational materials or diet instruction to individuals who are receiving home-delivered meals. The meals must meet the requirements for 1/3 RDA, "No Concentrated Sweets" meals may be provided. The meals are available on a short or long-term basis, depending upon need and other factors.

For more information about home-delivered meals, please call 570-253-4262 and speak to our Intake Department.

Nursing Home Transition (NHT)

The NHT program was developed to assist and empower consumers who want to move from a nursing facility back to a home of their choice in the community and help the Commonwealth rebalance its long-term living systems so that people have a choice of where they live and receive services.

The NHT program provides the opportunity for individuals and their families or caregivers to be fully informed of all long-term living options, including the full range of home and community-based services, and to ensure that they receive the guidance and support needed to make an informed choice about their long-term living services.

The program assists individuals in moving out of institutions and to eliminate barriers in service systems so that individuals receive services and supports in settings of their choice.

For more information about the Nursing Home Transition Program, please call 570-253-4262 and speak to our Intake Department.

Wayne County Information & Referral Program

<http://winfo.co.wayne.pa.us>

The Wayne County Information & Referral Program is a free confidential phone service connecting people and services in Wayne County. WINFO Line is a County funded program that maintains a database of over 800 agencies and organizations who provide community and human services to Wayne County residents.

WINFO LINE: 570-253-5986 — 1-866-253-5986

Wayne County Area Agency on Aging Newsletter

This is a comprehensive monthly newsletter for Wayne County seniors, volunteers, service organizations and agencies, and the general public. It provides educational articles and information about the Agency, programs, services, activities, special events and daily menus. The newsletter can be mailed for an annual \$3.00 donation. The newsletter is also available on the web at: <http://aging.co.wayne.pa.us>

Another option is to have the newsletter emailed to you monthly for free. Contact us at 570-253-4262 or kterry@co.wayne.pa.us to request the newsletter by email.

Employment Opportunities at Wayne County Human Services

<http://co.wayne.pa.us>

Know someone who would make a good worker in any of our Human Service Departments (Aging, Children & Youth, Drug & Alcohol, Behavioral and Developmental Programs and Early Intervention, Transportation)? All employees are Civil Service. Please contact Juliann Doyle at 570-253-4262, jdoyle@co.wayne.pa.us for more information.

Volunteer Program

Our volunteer program is based on the premise that harmonious service to others and the opportunity to share ones' self should be afforded to all of our county residents without exception. At its heart the Wayne County Volunteer Program is a mission of service for community and for the common good of all. Our volunteers exemplify our commitment to volunteerism and this county's spirit of community. To learn more about the Volunteer Program, please call the Director of Community Services at 570-253-4262.

Food Pantry Program

The Wayne County Pantry Program is sponsored through County Government. It is operated with a Pantry Board comprised of private citizens and by a lead agency – Wayne County Human Services. Board members are also coordinators at each of the pantry sites. The Wayne County Pantry Program has five sites (Honesdale, Damascus, Lakewood, Newfoundland and Lakeville) located in strategic areas of the County to serve eligible County residents.

The Wayne County Food Pantry Program provides nutritious shelf staples, which may **supplement** the applicant's food budget on a regular monthly basis. The food items vary and are dependent upon what may be available from the U.S. Department of Agriculture, what food has been privately donated, and what may be purchased with available funds and monetary donations. Typically, a monthly food bag may contain canned fruit, meat, vegetables, potatoes, spaghetti, noodles, dried fruit, tuna, etc.

The Wayne County Pantry Program relies on U.S. Government-donated foods and funding from both the State Food Purchase Program and County government. The Program also relies on donations of food and monetary support from the community and fund-raising efforts such as WNEP-TV's "Feed-a-Friend" Program, Scouting Troops, 4-H Organizations, Local Churches and Schools, and so on. **ALL** donations stay in Wayne County and assist Wayne County residents. Additional support comes from the Commodity Supplemental Food Program, administered through Second Harvest Food Bank of Lehigh Valley and Northeast Pennsylvania. Eligible senior citizens may receive an additional pre-packaged box of food for their household from this resource. For more information, please call 570-253-4262.

Caregivers Support Group Meetings

If you are in need of an understanding ear, knowledgeable advice, helpful information, compassionate counseling and the interaction of people who experience similar needs and situations, you are welcome to join this group.

The Caregiver's Support Group offers a comfortable, convenient and consistent opportunity for people involved in caring for a chronically ill person to meet and share their thoughts and feelings with each other and the group counselor. Members become a network of peer support for one another, calling each other during stressful situations for advice and a helping hand.

The Caregiver Support Group meetings are open to all and a great networking resource. Meetings take place from 1:30 P.M.-3:00 P.M. on the second Wednesday of each month at the Honesdale Senior Center. Please call 570-253-4262 for more information.

LINK to Aging and Disability Resources (also known as ADRC)

Older people, persons with disabilities and their families who have arrived at the difficult decision to seek long term care options can face an overwhelming task on trying to find information for their individual situations, and in fashioning a plan to meet their needs. The LINK system is designed to do just this.

The LINK program was first introduced to Wayne County during the third quarter of Fiscal Year 2010-11. It is sponsored by the State Department of Aging/Office of Long Term Living (OLTL) in Pennsylvania. Wayne County LINK core partners as designated by the OLTL, include the Wayne County Area Agency on Aging, Northeast PA Centers for Independent Living, and Allied In-Home Services and serve as the official managing partners of this endeavor.

The purpose of LINK is to promote the integration of long-term care information and referral services for older adults and younger persons with disabilities and the families that support them, regardless of age or income. LINK promotes the coordination of community wide service systems by giving consumers information about the complete spectrum of long term living options available in the community. LINK pulls together already established agencies in the community and makes the same information about the long term care options and services of these agencies available to potential consumers of long term care no matter which agency they may first question. This avoids duplication and confusion which can easily be overwhelming. A person will directly and seamlessly be referred to the services needed, no matter the initial point of contact into the system.

The Wayne County LINK locally collaborates with the Wayne Information Network, and the Wayne County WINFO Line to further collect and disseminate information. There are over 30 registered local collaborators (and more requesting to join the collaborative partnership each month) to bring the most recent and widest range of options to families. LINK partners meet monthly, often with a speaker, and then share information and "what's going on" in their respective agencies. LINK has also established an e-mail network among its partners to keep in touch during the rest of the month to share information. In this way all LINK partners are aware of updated information which is vital to consumers so that, no matter what agency a consumer/family initially approaches, he/she will get the most recent and comprehensive information available.

Please call 1-800-753-8827 or 570-253-4262 and speak to our Intake Dept. for more information about the LINK Program.
